Consumption

Q There is no specific for consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come pretty near curing it, if there is anything to build on. Millions of people throughout the world are living and in good health on one lung.

Q From time immemorial the doctors prescribed cod liver oil for consumption. Of course, the patient could not take it in its old form, hence it did very little good. They can take

SCOTT'S EMULSION

and tolerate it for a long time. There is no oil, not excepting butter, so easily

digested and absorbed by the system as cod liver oil in the form of Scott's Emulsion, and that is the reason it is so helpful in consumption where its use must be continuous.

Q We will send you a sample free.

Q Be sure that this picture is the form of a label is on the wrapper of every bottle of Emulsion you buy.

By the explosion of a lamp at the home of her brother, James Davis, in Sherburne, ten miles from here, Mrs. Maggie Culbert, aged 47 years, was fatally burned.
